Hibox Connect

THE NEXT GENERATION
TV & HOUSEKEEPING SOLUTION
FOR THE HOSPITALITY MARKET

tv solution

With the introduction of Hibox Connect and new IPTV enabled Smart TV:s, it has never been easier for hotels, hospitals and cruise ships to provide in-room entertainment and interactive information to their guests.

Connect server

Smart TV

key features

- ✓ TV-channels using DVB or IPTV
- ✓ Pay-TV channels
- ✓ Information pages and channels
- ✓ Advertisements
- ✓ Digital Signage
- ✓ Internet Access
- ✓ Feedback forms and polls
- ✓ Social Media
- ✓ Electronic Program Guide (EPG)
- ✓ Wake-Up and Fire alarms
- ✓ Instant messaging with reception
- ✓ 5 years of warranty upon request
- ✓ Wired or Wireless connectivity

easy installation

Just connect the Smart TV to the Internet using a wired or a wireless connection and configure the TV to start using the services from the cloud.

custom branding

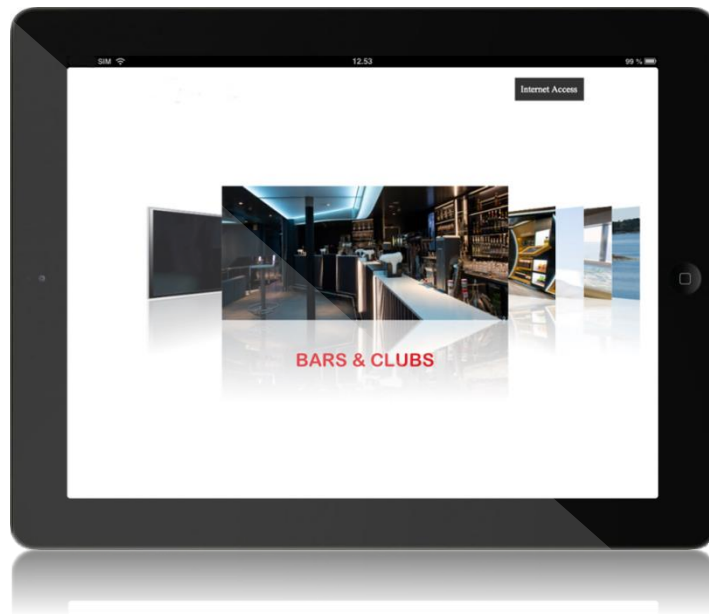

The whole TV interface can be branded with your logos and colors. You can customize all menus and services in any way you want.

no extra equipment

No smart cards, set-top-boxes or server equipment are needed in the hotel.

mobile

Guests can easily pair their own tablets and smartphones with the TV using QR codes. This unique connection gives them access to hotel information, services and even live TV anywhere in the building.

watch TV

By taking advantage of QR-technology, guests can open a different channel on their mobile device, than on the TV. Watching TV on a mobile device is possible anywhere in the building.

key features

- ✓ Watch TV anywhere in the building
- ✓ Watch different channel on mobile device
- ✓ Hotel bill payment
- ✓ Express check-out
- ✓ Order additional services
- ✓ Integrated with your PMS system

additional services

Guests can use Hibox Connect to check out and order additional services such as room service and cleaning.

partners

Hibox has signed partner agreements with some of the largest consumer electronics companies in the world. You will be able to run the Hibox Connect service on IPTV enabled Smart TV:s from the following companies:

PHILIPS
